Kelverion

Integration Pack for BMC BladeLogic

Automation for BMC BladeLogic Server Automation

he Kelverion Integration Pack for BMC BladeLogic Server Automation is a compliant integration for Microsoft System Center Orchestrator.

It supports BMC BladeLogic Server Automation 8.1, 8.2, 8.3, 8.5, 8.7 and 8.9.

This Integration Pack provides pre-defined integration and automation capabilities associated with BladeLogic server management activities, including server configuration, server configuration comparison (audit) and software package deployment.

In addition, the IP provides an activity to generically access the BladeLogic CLI, which allows users to perform most BladeLogic Server Automation tasks.

The Integration Pack delivers a range of re-usable objects to automate IT-Functions such as:

Provisioning

Perform "bare metal" provisioning on new servers and re-provision operating systems on existing ones

Configuration

Provision, patch, configure, and manage heterogeneous servers according to policy

Compliance

Measure and demonstrate compliance with internal and external standards and regulations

IP FOR BMC BLADELOGIC ACTIVITIES

Create BLPackage	Create BLPackage based on the information collected from an Audit Activity
Create Deploy Job	Create a basic deploy job which can be used to deploy a BLPackage or a Software Package to managed servers.
Run Job	Run one of the supported BladeLogic Jobs
Get Job Running Status	Determine a job's running status
Export Audit Results	Export the results of an Audit Job Run to a file, in HTML or CSV format
Set Server	Set a server property value on a BladeLogic server
Run BLCLI Command	Execute BMC Blade Logic Command Line instructions from within a Runbook
Run Custom BLCLI Command	Execute BLCLI commands that are not available through the Run BLCLI Command Activity

elverion are a Microsoft System Center and Cloud Partner who offer Integration Packs and Tools to enhance System Center Orchestrator and Azure Automation and deliver System Center implementation services. Find out more at http://www.kelverion.com
